Why Should I Smoke TUXEDO?

TUXEDO is the logical smoke for millionaires because it is impossible to buy a better tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the average cost per pipeful only one-fourth of a cent!

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to make a tobacco as good as Tuxedo at less than the Tuxedo price!

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the original Tuxedo process which takes all the unpleasantness out of tobacco and leaves all the pleasantness in!

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the only tobacco you can smoke in a room full of lace odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.
